New Partner!

We are proud to announce our new partnership with Coastal Community Health Services (CCHS) with clinic sites in Brunswick and Shellman Bluff, Ga!

Percentage of Patients with Improved Chronic Disease Management

| Condition | Year 1 & 2 Totals | Jan - Mar 2020 |
|--------------|-------------------|----------------|
| Hypertension | 49% | 51% |
| Diabetes | 74.5% | 70% |
| Cholesterol | 76% | 54% |
| Asthma | - | 100% |

As patients in new partner clinics gain access to the program, health indicators demonstrate there is lots of opportunity for improving chronic disease management. *

*Improvement is based on NCQA national standards tracked since program enrollment. Decreases in hypertension management reflect an influx of new patients receiving this care. Results are expected to increase with continued access to medication for these patients.

** Estimate of value based on 'open market value' for products provided.
